INTERESTS AND HOBBIES

MUSIC

Music reduces stress, lowers blood pressure, improves memory and aids toward inducing a better and deeper sleep

FLUTE

IT requires a high degree of patience and discipline, which happen to be necessary attributes for academic excellence and good work ethic. It helps me to concentrate on my work.

GUITAR

It helps me to make my hand and eyes work together. it helps to boost my confidence and became a good listener.

WRITING

It helps me to bring my thought and emotion out.

Good writing skills allow me to communicate my message with clarity and ease to a far larger audience than through face-to-face or telephone conversations.

TRAVEL

It refresh my mind.

i love to travel because it helps to know the culture and rituals of different places and different state

MY WORK

- Its a property reselling website for a builder
- Its made using Django

<https://bt-real-estate-02.herokuapp.com/>
